Don't Trifle With Your Health

-it is too precious a possession. It is trifling to neglect the little every-day kind of ailments. It is trifling, too, to take medicines of unknown or doubtful ingredients. If your stomach gets out of order, your food is not digested and, of course, your blood gets thin and you become weak, ready to be a prey to the disease germs always ready to attack the run-down and the anaemic. If your liver can't do its work, your blood becomes impure and many troubles follow. If your bowels are irregular, poisons accumulate in your body.

DR. PIERCE'S GOLDE

helps the stomach to digest food properly, strengthens the liver, regulates the bowels. As a consequence you are vigorous, full of snap and life! Forty years ago Dr. Pierce discovered that a glyceric extract of Golden Seal and Oregon grape roots, of queen's root

and bloodroot with black cherry bark would aid all the digestive organs to work as Nature intended they should. Thousands have found that the Golden Medical Discovery he then introduced to the world has restored them to health when suffering from stomach and liver troubles. Now is the time for you to try this famous remedy and to secure for yourself a larger share of health and strength.

You can get the Golden Medical Discovery in tablet or liquid form from dealers in medicines—or send 50 one-cent stamps for a trial box of Dr. Pierce's tablets.

The knowledge you ought to have about your body—and to enable you to avoid sickness—you will find in Dr. Pierce's great book, The Common Sense Medical Adviser. Thousands of copies have been sold at \$1.50 each, but you can get a copy free if you will send 31 one-cent stamps merely to pay for the wrapping and mailing of the newly revised and up-to-date edition. Address: Dr. Fierce, Invalids' Hotel, Buffalo, N.Y.

Nowa Well and Happy Woman

"I took La Grippe—had terrible pain in my side, and the doctor said one lung was affected," writes Mrs. S. Taylor, of Arnold, Kansss, Route L. Toommenced using "Medical Discovery." Was in bed five weeks. Had cold sweats and was like one who was dying. Idid not think I would ever get atrong again. I used "Golden Medical Discovery" for about five months, and now I am strong and have no cough of any kind. We clines in the family for a number of years, but this winter I tried them myself and they are all that they are climed to be. I cannot praiso them enough, and hope anyone using these remedies will be a considered the control of doing so myself because I was so weak and discouraged but thanks, to Dr. Fierco s

WORTHINGTON NEWS.

Mr. and Mrs. Albert Brooks were visiting relatives near Downs last Saturday and Sunday.

Mr. and Mrs. Thos. E. Minnear, of Annabelle were the guests of Mr. and Mrs. Jesse M. Wood last Sunday. Mrs. Ella Parr, of Clarksburg, was calling on friends here last week.

The evangelistic services at the Bap-tist church conducted by Rev. A. M. Ritenour closed last Saturday evening. Thieves entered the meat house of and got away with three large hogs that had been recently butchered. No ar-

representatives of a number of such in-stitutions recently met at Washington D. C., and formed a new organization be known as the "Association of Urban Universities."

The call for the meeting which led to the formation of the association thus set forth the tasks and purposes of urban universities:

"The municipal colleges are aiming to do for their cities some of the things the State universities are doing so admirably for their States. Private in-stitutions in cities, realizing the obligations resulting from freedom of taxation, are endeavoring to serve their local communities.

"The general public, on the other side, is awakening to the value and necessity of expert knowledge, and the universities, on the other, are realizing as never before their duty to train men and women for municipal, State and National positions."

Institutions that have already declared their interest in the movement include: The Municipal University of Akron, Ohio; College of the City of New York; John Hopkins University, Baltimore, Md.; University of Cincinnotti, Cincinnatti, Ohio: James Miliken University, Decatur, Ill.; University of Louisville, Louisville, Ky.; Reed College, Portland, Ore.; Washington University, St. Louis, Mo.; Northwestern University, Evanston, Ill. Greatest Season In Trotting Game

NEW YORK, Dec. 9.-More trotting meetings were held in America the allowances have, he says, brought past season than in any other year in hundreds of outclassed horses back the history of the sport. Up to December 1, W. H. Gocher, secretary of the National Trotting Association, holding the meetings. Despite the rehad received reports of 1,368 meetings held this year on tracks in the United States and Canada.

How closely harness racing inter ests are bound up with the fairs, big and little, is indicated by the fact that 75 per cent of all the trotting meetings held last season took place between August 1 and October 15. This is the period during which nearly all fairs are held, and it is probable that more than 75 per cent of all the races between these dates were trotted on the fair grounds of the states and the dominion.

The 1,368 meetings of the season were held on something like 1,200 different tracks. About 1,300 of the meetings were on half-mile tracks. There are 99 mile tracks in the United States and Canada, but some of these are used only for training purposes and are not for racing. Meetings were held on 49 mile tracks this year. There are in the United States and Canada four trotting tracks of one-third of a mile in length. Three

that basis; but if based on the vote of 1914 some of them would be uncomfortably close, and in fact one of them would be uncomfortably close, and in fact one of them whild be largely Democratic. We have he can't pronounce them. Even an itured out a scheme based on the vote of congressman at large in 1915 which would make six Republican districts, none with less than 1,000 Republican majority. It is as follows:

The First district would include Haar ock, Brooke, Ohlo, Marshall, Wetzel, Tyler and Pleasants counties, with a population of 210,572, and based on the vote of 1914.

The Second district will be composed of Jefferson, Berkeley, Morgan, Hampshiro, Hardy, Mineral, Grant, Pendleton, Tucker, Randolph, Pocahontas, Preston and Monongalls counties, will be the first to place a jay-eye see bit in Mrs. Spraddle Spankhurst's see by the search of the mount of the mount of the mount of the mount of the consolidation of the skirts. In their physical exercises, which have a prominent part in even the can't pronounce them. Even an degree and supply pick, which have a prominent part in even the can't pronounce them. Even an the griss were short bloomer-like skirts. In their physical exercises, which have a prominent part in even the gris serves them the girls serves them the girls serves them the girls serves them well in giving freedom of movement.

A st. Louis sage says it is a pity the million dollars that was given to a prominent part in even the rural schools of Demmark, the peculiar action of the skirts. In their physical exercises, which have a prominent part in even the gris serves them the girls and supply pick, the million dollars that was given to a prominent part in even the gris serves them the girls shift the cural schools of Demmark, the peculiar and study promine eventually settling in the joints and muscles, causing stiffness, soreness

and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless

and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, e ffervescent lithia water drink, which overcomes uric acid and is beneficial to your kidneys as well.

Conn.; North Washington, Pa., and Russell, Ont.

Mr. Gocher attributes the unprecedented number of trotting meetings this year to the new rules of harness racing, which do not penalize horses for records made in losing races. These rules and the new time to the circuits, to the mutual benefit of their owners and the associations turn of all these horses, however, the average number of starters in a race is steadily and rapidly falling off.

"From the increased number of races and the growing scarcity of horses I am led to believe the day is close at hand when entrance fees will be done away with at all fairs, if not everywhere else," he said. "Starters are already in such demand that the Nashville, Tenn.; Allentown, Pa., and some other fairs have made all purses free and open. I think you will see more of them do so next year. The trotting races are the great attrac-tion for the public at all fairs, and there is no good reason why the horse owners should continue to pay for the privilege of giving the entertain-

Kellison Will Lead Wesleyan Football

BUCKHANNON, Dec. 9.—Last night at the new Valley hotel the Wesleyan football squad was tendered a banquet by thirty men of Buckhannon and boosters of the team. There were sixty present, and at the end of this climax of West Virginia Wesleyan's third successful season John Kellison, the best tackle in the South, and a man who represents everything that a college man should stand for was elected to lead the Orange and Black

of these are at South Woodstock, through the season of 1915. Sixty eat down to this long to be remembered feast, and there were gold footballs presented to the coaches by the mem bers of the team and gold footballs presented to the members of the team by the boosters' club. But greatest of all was the large silver and gold loving cup presented to Athletic Manager Harry A. Stansbury, as a token of the regard and the appreciation that the boosters have for his untiring efforts in behalf of the success of the Wesleyan teams. There was also a pair of gold cuff links presented to John Kellison in appreciation of his great work on the championship Wesleyan team this and past years. All the men will be back with the exception of Stansbury, and it is not yet known whether or not he will be at the head of Wesleyan athletics next year. Neither is it known whether the same coaches will again be at the helm, but it is understood that these men will again be in the same places.

Next year will be Kellison's senior year in college and he is an exponent of many phases of college life besides football and the men of the squad are proud that he will lead the team in his last year at Wesleyan. He has been an all-state tackle for the past three years, and his work in the recent W. V. U.-Wesleyan game being almost superhuman. He is very pop-ular among his fellow students and will make a great leader for the 1915 Orange and Black.
